SCHOOL + STATE FINANCE PROJECT

Analysis: Education Funding in Governor's FY 2021 Recommended Budget Adjustments

February 7, 2020

This document details the state education funding and school finance changes contained in Governor Ned Lamont's recommended midterm state budget adjustments for fiscal year 2021. These recommended budget adjustments would amend the biennial state budget passed by Connecticut's General Assembly on June 4, 2019.

Additionally, this document compares the state education funding in the governor's recommended budget adjustments with funding for FYs 2020 and 2021 contained in the biennial state budget adopted by the General Assembly during the 2019 legislative session. Please note the recommended FY 2021 budget adjustments released by Governor Lamont on February 5, 2020 are only proposed and are not final or enacted. Connecticut's budget for FY 2021 remains as detailed in the biennial state budget (Conn. Acts 19-117) unless it is modified by the General Assembly.

Note: Budgeted appropriations may differ from final grant amounts made by the State Department of Education to towns and school districts because final grant calculations take additional statutory provisions into account. Therefore, towns and school districts should wait for final grant amounts to be released by the State Department of Education before finalizing these amounts in their budgets.

Table 1 below contains FY 2020 estimated expenditures for significant education grants, as well as the appropriations for those same grants in the governor's recommended state budget adjustments for FY 2021. The sole appropriations included in Table 1 are education grants to municipalities and school districts in which the total estimated expenditures exceed \$10 million in FY 2020, as well as state funding for school choice programs. Although the *Sheff* Settlement and Adult Education grants both exceed \$10 million in statewide allocation, they are not included in the below table due to irregularity in appropriation (*Sheff* Settlement) and relationship to public K-12 education (Adult Education).

State education appropriations that would increase — as compared to the current adopted budget for FY 2021 — under Governor Lamont's recommended budget adjustments are highlighted in green, while those appropriations that would remain at current FY 2021 budgeted amounts are highlighted in yellow. State education appropriations that would decrease compared to current FY 2021 budget amounts are highlighted in red. The far-right column of Table 1 details the change in proposed appropriations between current FY 2021 budget amounts and Governor Lamont's recommended budget adjustments.

Table 1: Selected FY 2021 State Education Funding under Adopted Biennial State Budget and Governor's Recommended Budget Adjustments

Grant	FY 2020 Estimate ³	FY 2021 Adopted Budget (Conn. Acts 19-117) ⁴	Governor's FY 2021 Recommended Budget Adjustments ⁵	Change in Appropriation from Conn. Acts 19-117 After Governor's Adjustments
Education Equalization (ECS)	\$2,054,281,297	\$2,092,033,975 ^A	\$2,094,348,386	\$2,314,411
Magnet Schools	\$304,204,848	\$306,033,302	\$306,033,302	\$0
Regional Vocational – Technical School System	\$135,153,018	\$140,398,647	\$140,398,647	\$0
Technical High Schools – Other Expenses	\$22,668,577	\$22,668,577	\$22,668,577	\$0
Special Education Excess Cost	\$140,619,782	\$140,619,782	\$140,619,782	\$0
State Charter Schools ^B	\$118,922,500	\$124,678,750	\$120,071,250	-\$4,607,500
Priority School Districts	\$30,818,778	\$30,818,778	\$30,818,778	\$0
Open Choice	\$26,835,214	\$27,682,027	\$27,682,027	\$0
Commissioner's Network	\$8,009,398	\$10,009,398	\$9,759,398	-\$250,000
Vocational Agriculture	\$14,952,000	\$15,124,200	\$15,124,200	\$0
Local Charter Schools	\$600,000	\$690,000	\$690,000	\$0
Sheff Transportation	\$44,750,421	\$45,781,798	\$45,781,798	\$0

Although not included in the above table, Governor Lamont's recommended budget adjustments include a \$1.2 million decrease in the Bilingual Education Grant as compared to the FY 2021 appropriation in the biennial budget. This decrease is due to the statutory cap on the amount of grant funds available to districts.⁶

Connecticut uses the Education Cost Sharing (ECS) formula that was adopted in Conn. Acts 17-2 (June Special Session), and first used and implemented in FY 2019, to distribute state education aid to towns for their local public schools. Governor Lamont's

SCHOOL + STATE FINANCE PROJECT

^A Conn. Acts 19-117 included \$2.7 million in savings in the total cost of providing ECS grants between the calculated total of town grants and the ECS appropriation, with the decrease anticipated due to changes in charter school enrollment and student population.

^B Funding for State Charter Schools (FY 2020 estimated and governor's recommended budget adjustments) reflect school closures (Trailblazers Academy in 2019-20, Stamford Academy in 2020-21) as well as the approved seat level.

recommended budget adjustments continue to phase-in the ECS formula at the percentages set forth in statute.

Due to the continued phase-in of the ECS formula, the FY 2021 ECS appropriation in the biennial state budget provided an additional \$37.8 million in ECS funding over FY 2020 estimated grants. Governor Lamont's recommended budget adjustments provide approximately \$2.3 million additional ECS funding in FY 2021 over the original biennial budget appropriation. It should be noted, however, that the FY 2021 ECS appropriation in the biennial state budget assumed an estimated \$2.7 million in ECS savings in FY 2021 due to changes in the state's student population. This decrease was reflected in the total appropriation found in the adopted biennial budget but not in the **estimated** ECS grants for each town below.

Table 2 below compares, town by town, the <u>estimated</u> ECS grants for FY 2021 under Governor Lamont's recommended budget adjustments compared to estimated FY 2020 grants. Towns projected to receive an increase in ECS funding in FY 2021 — over their FY 2020 ECS grant amount — are highlighted in green, while towns projected to receive a decrease in funding are highlighted in red. Towns projected to receive the same amount of ECS funding are highlighted in yellow.

Additionally, it is important to note that under the ECS formula, and under the governor's recommended budget adjustments, Alliance Districts that would otherwise receive a decrease in state education aid, according to the ECS formula, are "held harmless" at their FY 2017 ECS grant amounts.

Table 2: Estimated Town ECS Grants for FY 2021 under Adopted Biennial State Budget and Governor Lamont's Recommended Budget Adjustments

Note: Budgeted appropriations may differ from final grant amounts made by the State Department of Education to towns and school districts because final grant calculations take additional statutory provisions into account. Therefore, towns and school districts should wait for final grant amounts to be released by the State Department of Education before finalizing these amounts in their budgets.

^{*} As Alliance Districts, these towns are held harmless from receiving a decrease in ECS funding even if the ECS formula would result in a decrease for these towns.

Table 3 below compares, town by town, the **estimated** proposed change in ECS grants for FY 2021 under Governor Lamont's recommended budget adjustments compared to estimated FY 2020 grants. Towns projected to receive an increase in ECS funding in FY 2021 — over their FY 2020 ECS grant amount — are highlighted in green, while towns projected to receive a decrease in funding are highlighted in red. Towns projected to receive the same amount of ECS funding are highlighted in yellow.

Additionally, it is important to note that under the ECS formula, Alliance Districts that would otherwise receive a decrease in state education aid, according to the ECS formula, are "held harmless" at their FY 2017 ECS grant amounts.

Table 3: Estimated Change in Town ECS Grants for FY 2021 under the Adopted Biennial State Budget and Governor Lamont's Recommended Budget Adjustments

Note: Budgeted appropriations may differ from final grant amounts made by the State Department of Education to towns and school districts because final grant calculations take additional statutory provisions into account. Therefore, towns and school districts should wait for final grant amounts to be released by the State Department of Education before finalizing these amounts in their budgets.
